

D licate

Stellenbosch, De Toren, 750 ml

750 ml

Art. nr. 53025700

This Malbec dominated assemblage exudes scents of black cherries and ripe wild berries, with a hint of cinnamon and cloves. Equally silky-smooth and fresh, the D licate nestles to the palate. A delightfully elegant and youthful, non-vintage red quality, which evokes the impression of a white wine owing to its exacting production, but seduces like the red variety. With a Malbec portion above 50%, D licate is produced without contact with the skin in the same manner as a white wine, while the matured red wine portions of the other three grape varieties from the previous vintage are blended. On the palate, aromas of plums, strawberries and roses develop. The perfect consumption temperature is a refreshing 11 C.

Origin:	South Africa / Coastal Region / Stellenbosch
